

Linea Siena

PERFORMANCE

Isolamento Acustico
EN ISO 140-3; EN ISO 717-1

Fino a 45 dB

Trasmittanza Termica
Valori Uf in W (m²K)

Uf=1.6/Wm²K

Resistenza al vento
EN 12211; EN 12210

C5

Tenuta all'acqua
EN 1027, EN 12208

E1500

Permeabilità all'aria
EN 1026; EN 12207

Classe 4

CARATTERISTICHE TECNICHE

La progettazione di Finestre, Portefinestre e Porte della Linea Siena integra perfettamente progettazione e design ad elevate performance grazie all'impiego di nuovi materiali e tecnologie. Sezione ridotta dei profili, leggerezza, luminosità, isolamento termico ed acustico, sicurezza all'effrazione, rendono i serramenti della

Linea Siena ideali per essere inseriti all'interno di soluzioni architettoniche eterogenee. Dettagli importanti studiati con cura che aumentano il comfort riducendo drasticamente i costi energetici. Strutture importanti che permettono di montare a scelta qualsiasi tipo di vetro antisfondamento a mono e doppia camera.
